Dear Sir:

In response to the Office Action dated March 9, 2007, please amend the application as follows:

In the Claims:

1. (Twice Amended) A truss span, comprising:
- at least three chords in a generally parallel orientation with respect to each other, wherein adjacent parallel chords provide a face of the truss span such that the at least three chords provide at least three faces;
- a web connecting two adjacent parallel chords corresponding to at least two of the at least three faces to provide the truss span with at least two webbed faces; and
